

MR TARGET

WOOCOMMERCE PLUGIN

Introducing the Mr Target Affiliate WooCommerce Plugin, a powerful tool designed to streamline and enhance the affiliate sales process for our partners. This plugin offers a seamless integration with WooCommerce, replacing the standard "Add to Cart" button with a custom "Purchase from Mr Target" button on selected products. This feature directs customers to Mr Target's website, ensuring affiliates can effortlessly drive sales while earning commissions.

RUBBER DUMMIE STARTER KIT

★★★★★ (1 customer review)

The Rubber Dummy provides a unique shooting experience to all shooters. Made in the U.S.A. from 100% recycled materials the Dummy withstands 1000's of rounds of all calibers of ammunition, from .17 HMR to 50 BMG. It allows the round to travel through, resealing itself as the round passes through minimizing degradation and provides the shooter with the ability to safely engage the target at point-blank range. Whether training a high compression scenario or long distance engagement the Dummy provides instant visual feedback to the shooter with a target surface that is easily and quickly reset. Due to the 3 dimensional nature of the target, it enhances quartering and dynamic shooting scenarios while accurately representing shot placement to critical regions. The Dummy also provides a durable and anatomically accurate figure for live knife, CQB and gun/knife transition training.

SKU: MRT-RD1-RDBASE

The plugin also includes robust product sync capabilities, allowing users to import and remove products from the Mr Target catalog with ease. With options to choose specific SKUs and configure sync frequency, affiliates have full control over their product offerings. Additionally, the plugin automatically generates redirect URLs tagged with affiliate coupons and Google UTM parameters, simplifying the tracking of referral traffic and sales. This comprehensive solution not only enhances the affiliate experience but also optimizes product management and sales tracking for maximum efficiency and profitability.

CONFIGURATION INSTRUCTIONS

These instructions will guide you through the process of configuring the Mr Target WooCommerce Plugin for your affiliate sales. Follow each step carefully to ensure proper setup and functionality.

If you have not enrolled to become a Mr Target Affiliate, please begin at the following URL: <https://www.mrtargetonline.com/become-an-affiliate/>

If you are an affiliate, but do not know your Affiliate ID, you may find it here: <https://www.mrtargetonline.com/affiliates/>

STEP 1: PLUGIN INSTALLATION

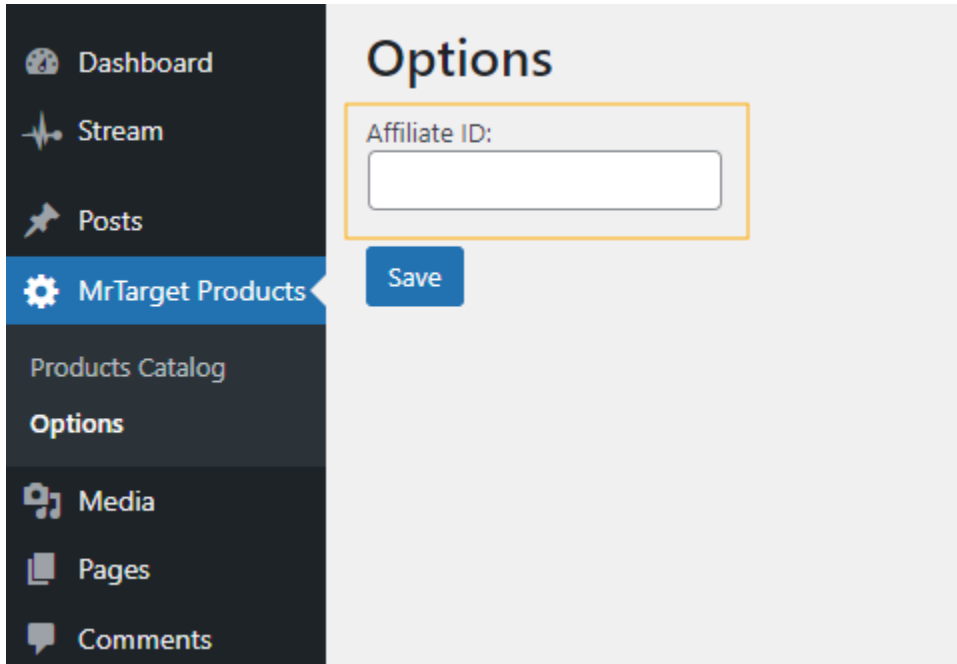

1. Navigate to the Plugins section in your WordPress dashboard.
2. Click on 'Add New Plugin'.
3. Upload the Mr Target Affiliate WP & Woo Plugin.
4. Activate the Mr Target Affiliate WP & Woo Plugin.

<input type="checkbox"/>	Mr Target Affiliate WP & Woo Plugin	Mr Target Affiliate WP & Woo Plugin
	Activate Delete	Version 1.1 By ICIT Visit plugin site

STEP 2: AFFILIATE ID CONFIGURATION

1. Navigate to the Mr Target Products section in your WordPress dashboard.
2. Click on 'Options'.
3. Enter your Affiliate ID in the provided field.
4. Click 'Save' to store your Affiliate ID.

STEP 3: IMPORTING PRODUCTS

1. In the Mr Target Products section, go to 'Products Catalog'.
2. Review the list of products and their SKU compliance status.
3. Click 'Import' next to the products you want to add to your WooCommerce store.
